# GIRL STEALS TO AID YOUTH; IS DESERTED

Norma Gardiner, Who Took \$800 from Attorney Dunn, Has Rude Awakening When E. Booth Goes With Money

Dreadful Home-Coming From South of the Forlorn and Disillusioned Lass of 20; May Not Face Prosecution

Somewhere between Los Angeles and Oakland today on a Southern Pacific train rode a girl of twenty summers, a girl with a tear-stained face, a girl whose faith in men had been shattered, a girl who was coming home to face unhappy things. For her it was not Thanksgiving, but only a leaden November 25.

That girl was Norma Gardiner, until November 3, residing with her aged mother and sister at 204 Franklin street, and since that time sought high and low in the state.

According to the Los Angeles police, who put Norma on the train for home, she had confessed to the appropriation of \$800 entrusted to her in the office of Victor A. Dunn, Oakland attorney, who employed her and to elopement with Ernest Booth, an invalid lad of 22.

Attorney Dunn confirmed the loss of money, though he said it was less than was stated, and at Norma's home was told a story of the girl's infatuation which had lasted since the days of her early teens.

ALL SHE GOT WAS RAILROAD FARE

It was at the instance of Booth that Norma took the money to give them a start and they were to pay it back, Los Angeles police said she confessed. But all she got of the money was her fare to Los Angeles. Booth, who had been working in Sacramento, was to have met her there. He never came, she said.

Days elapsed, and Norma was in sore straits. To her family here, who had been searching for her, came, a week ago, a telephone message. It said that Norma had been hurt in a street car accident and was in a hospital. Oakland police were notified. Dunn

had been unable to make bank deposits on the part of Norma, who was only a temporary typewriter in his office, and in reality worked for him but eleven days also took a hand. And so Norma was found in charge of the typewriter, police, and now she is coming home. BOOTH SAID TO HAVE CRIMINAL RECORD

Booth, it is said, has not been heard from since the day the infatuated Norma went from her office "to take a walk." He is alleged by O. E. Snidger, juvenile probation officer, to have a criminal record which extends to San Quentin and is now said to be on parole from that prison.

He is described by her family as having fascinated Norma by his engaging manners, his long continued attentions, by the style in which he moved, for he was said to have been a habitue of the Hotel Oakland and St. Francis lobbies.

Attorney Dunn said it had been his custom to have his office girl do his banking, and when Norma came well recommended to his office to fill a sudden vacancy, he trusted her as he had the others.

He did not notify the police when he discovered the shortage and continued the inquiry until two days ago. He is not now disposed to prosecute unless there is no prospect of recovery of the funds.

In the meantime the search for Booth was under way, and broken hearted, where she believed lay the way to happiness, Norma is coming home.

Norma, Los Angeles police are quoted as stating, was arrested there for having violated her parole from the State Girls' School at Ventura, and ultimately will have to go back to that institution.

Student Drowns When Car Skids Into Ditch

TACOMA, Wash., Nov. 25.—Elmer Riley, 28, of Tacoma, one of a party of University of Washington students bound from Seattle to Olympia to spend Thanksgiving, was drowned in an automobile accident six miles from here today. The car containing four men and two women and driven by G. E. Graham of Seattle, skidded from the highway into a ditch containing two feet of water. Riley was pinned under the water, and Graham is in the hospital in a serious condition.

Yeggs Burn Safe, Get \$40,000 in Jewels

NEW YORK, Nov. 25.—Joseph Tubitz, wholesale Brooklyn jeweler, didn't celebrate Thanksgiving. He was oppressed not only by the fact that burglars had ripped open his thief-proof safe and made off with \$40,000 worth of diamonds, but also because the robbers used electric current in the process for which Tubitz will have to pay.

The yeggman spent the night at Tubitz' place of business, used an electric drill and acetylene torch to demolish the hinges and locks of the safe.

Kills Wife, 3 Babes, Then Hangs Himself

PENDER, Neb., Nov. 25.—Dependent over 60, falling value of farm products, George Binklage, a former resident to be wealthy, late yesterday killed his wife and three children with a hatchet. He then hanged himself to a rafter in the barn. Only a baby, also wounded, survives. The hatchet he used was the one with which he intended to kill a goose for Thanksgiving dinner.

## AID PLEDGES GIVEN MORSE IN GIN PROBE

Civil Service Board and District Attorney Ready to Assist Investigation of Alleged Booze Ring Among Police

Commissioner Now Claims to Have Evidence That Five Members of Department Are Involved; U. S. Agents Work

Pledges of the Civil Service Board and of the district attorney to aid Commissioner F. F. Morse in every way in his investigation of the alleged booze ring within the Oakland police department have opened the way for the commissioner to take whatever action he may choose in punishing the offenders, or in taking the evidence against them before a jury.

At the same time Commissioner Morse announced today, replying to published statements, and rumors current at the City Hall that the investigation has "fizzled out" and is scheduled for an early close, that he has only started and that he hopes to have most conclusive evidence within short time. Names of five policemen instead of two, he says, are now brought into the case.

CIVIL SERVICE BOARD EXPLAINS

Morse's statement that he would dismiss two officers at once were not for the fact that he would have to go before "an unfriendly" Civil Service Board has brought forth the following from John F. Chambers, president of the board:

If Commissioner Morse has the evidence against any patrolman he need not be afraid of bringing it before the Civil Service Board. The words will show that he has been sustained in every case before the board, and he has had the evidence to support charges and that there are a number of such cases.

EASY TO GET BEFORE GRAND JURY, SAYS DECOITO

Very simple, Commissioner Morse

the intention of the grand jury.

The matter has not been brought to the attention of the government by any member of the League of Nations, according to Attorney Ezra Decoto. "If he asks for a grand jury investigation I will see that one is forthcoming as soon as possible, and will act in every way

so far, however, he has said nothing to me or to this office."

The present status of the investigation was explained today by Morse as follows:

Federal officers are working on some of the cases insofar as they have had called to their attention certain incidents that may figure in my own investigations. I still have specific information against but two officers, information which would indicate that they have been off-side.

Three other names, however, have been mentioned to me, and it is yet to be shown just how they may figure in the case. I am not bothering myself with the investigation today, but expect to be on the job tomorrow morning and continue the work until I am satisfied as to guilt or innocence and as to how far the department may have spread within the department.

The Cornwalls were married four years ago and lived for some time in the fashionable district of Claremont. The divorce, more than a year ago, attracted wide attention and since that time the wife has been living in San Francisco, while Cornwall, manager of a Berkeley business firm, has been living in a seclusion house in San Francisco.

The fraternity has gone to some expense to let it be known that Valentine is no longer a member of the fraternity, having prepared engraved cards to be sent to other local fraternities and sororities and the news papers.

Valentine was married to Miss Joy Sherwood, daughter of Frederick W. Sherwood of Claremont, with his wife he is staying at Hotel Oakland.

Pardon Is Sought By Murder Witness

JAMES D. Crowhurst, witness in the Denton murder case in Los Angeles, is in Oakland and San Francisco this week in the interests of a pardon he expects to obtain and has interviewed the Alameda county officials. Crowhurst is on parole from Folsom, where he was sent when 19 years old. He expects a pardon within a few days which, he expects, will change his status as witness in the Denton case. He first became familiar with the Denton household when installing hot water heaters in Los Angeles.

Government Moves To End Sugar Strike

MADISON, Nov. 25.—A dispatch from Saragossa says the government is taking energetic measures to end the general strike there. The government has threatened the arrest of the directors of the Saragossa sugar refineries if the establishments are not opened by Friday. The trade union of sugar workers has been suspended by the government, which also has closed the offices of the

"Of course, I would not have been surprised if some members of the force had cooked up some lame excuse," said Captain Eddie Wallin, in charge of the Central station. "We have a large body of men, and we cannot keep close tab on everyone, especially in his home. But if a generallessness exists, such as has been described, I am indeed surprised to see."

While the telegraph activities are supposed to be in East Oakland, the automobile which is alleged to have been used in peddling the "boozing" belongs to the Central station, according to Morse.

After an investigation becomes public, admits Morse, it is hard to trace guilty persons thereafter, for the trail becomes fogged and the principals "cover up." To balance this, however, there is the added information which comes through public.

"It was a case with me of taking the public into my confidence at the start, or working on a long and involved trial without assistance," said Morse. "I chose the former course."

Excitement Fatal At Football Game

DENVER, Nov. 25.—William F. Surber, 32, a grocer, fell dead from excitement today at Broadway park after Fred Hart of the South Park high school football team broke through the East Denver eleven and 99 yards for a touchdown. The schools were playing for the city high school championship, which also has closed the offices of the

secretary of the navy, was present to watch the game.

Daniels Present at Airplane Contest

MITCHELL FIELD, MINEOLA, N. Y., Nov. 25.—Forty-four fast airplanes, each expected to be able to do more than 120 miles an hour, were in readiness today for the Pulitzer trophy speed race over a thirty-four-mile triangular course.

The first batch of pilots was to take off at 11 a. m. Josephine Daniels,

secretary of the navy, was present

to watch the race.

Three Drown When Auto Breaks Ice

PRINCE ALBERT, Sask., Nov. 25.—Three persons were drowned here as the result of an automobile plunging through the ice on Lake Lenore, 120 miles southeast of this city. Eugenie Sagnier, 24, and Esther Bernard were drowned. Another girl who was in the car escaped.

## Van Loan Will Give Secrets of Script Writing

Want to know all about scenario writing?

H. H. Van Loan, author of "The Great Redeemer,"

"The Virgin of Stambour" and many of the great successes of recent years, is going to tell TRIBUNE readers about it.

Van Loan, now living in San Francisco, where he will produce "Micky Flyin," has consented to tell the story of the "real trick in scenario writing."

He has made thousands of dollars in the last year on his scripts. Twenty-five thousand dollars was offered for his last one—and refused. He's going to tell how he does it—in next Sunday's TRIBUNE.

## Near-Beer, Chicken Clash; Appendix Out

LOS ANGELES, Nov. 25.—Those

who are plotting to gorge themselves with turkey and its concoctions today may ponder over Florence Tyner's experience with a bottle of near-beer and a chicken sandwich.

She has filed suit for \$25,000 damages against the proprietors of the Ship Cafè at Venice.

After eating the sandwich and quaffing the kickless brew, the suit recites, she became seriously ill and her sufferings included undergoing an operation for removal of her appendix.

## American Jurists Accused of 'Politics'

MANILA, P. I., Nov. 24.—Two American members of the Supreme Court, Justices E. F. Finley Johnson and George A. ## JIMMY MURPHY PROBABLE KING, ANGELENOS SAY

By JIM LOUHIAN

LOS ANGELES, Nov. 25.—Los Angeles is racing mad today. Every flyver, rut hopper and touring car here is headed for the Beverly Speedway and its occupants are "amped up" over this afternoon's big race, which among other little details, will settle up after a 1200 motor racing champion, make the winning driver about \$1,000 richer than he was when he packed away his hot

In addition to earnings that amply provide food, shelter and clothing, hundreds of thousands found themselves with remaining funds sufficient to satisfy the need for recreation and luxuries. According to one estimate, based on government reports, the nation is buying entertainment at theaters, clubs, dance halls, parks and other places of amusement at the rate of nearly \$100,000,000 a year, or approximately \$3,000,000 was spent for articles classed as luxuries. These articles, according to the government records, include such things as automobiles, candy, cameras, musical instruments, articles of fur, jewelry, cosmetics and perfumes, yachts and sculpture.

**PROSPERITY SHOWN.** Farmers complain that the bountiful harvest they have brought many of their number to the very verge of ruin because of reduced prices. These they charge are established by speculators and middlemen and not passed along to the consumer. Farmers have made some gain in land values which have jumped 100 per cent in some localities. Even a 10 per cent jump in

land values and machinery would give the farmers an aggregate profit of something more than \$5,000,000,000, it is estimated.

Other government reports are plentiful showing that the entire nation has enjoyed prosperity of a kind.

Approximately 5,000,000 persons

who paid income taxes to the govern-

ment received an average income of \$3,000 or an aggregate of \$15,000,-

000,000 in wages.

These figures are based on reports of the internal revenue bureau.

"AGES HIGHEST.

In the records of the labor depart-

ment are reports showing that millions of workers enjoyed wages high-

est in history.

In addition to earnings that amply

provide food, shelter and clothing,

hundreds of thousands found them-

selves with remaining funds suffi-

cient to satisfy the need for recre-

ation and luxuries. According to one

You can pick your own winner

for the classic and come as close to

being correct as the experts. There's

something, however, among the mul-

titudes as there always is before any

big clash in which skill and speed

are factors. Los Angeles are not

far behind in the present instance.

They're here, and that here's eight men

who came down from Oakland and

San Francisco cannot afford.

MILTON SECOND CHOICE.

Second in choice is Tommy Milton, who will control the destinies of the Oakland made Chevrolet Special, in its efforts around the mile and a quarter saucer. And Milton is really dangerous if all the good things are true which local newspapermen have been pouring into us for the last hour.

The Angel City scribes

say that Milton has reeled off miles

faster than 105 per hour in practice.

If he shows a like burst this after-

noon he'll be in the money all the

time, because the winner isn't sched-

uled to display much over a 102-

mile an hour average.

Nearly all of the old time racing

drivers are here. Heading the list

is Barney Oldfield, who came out

from Cleveland to pace the drivers

around the track for the first two

laps in his Marmon speed creation.

Fred Wagner, dean of racing offici-

als, will handle the starting flag

and Captain Eddie Richenbacher,

who flew down here yesterday from

Oakland, will serve as referee.

"Rich" is disappointed in not hav-

ing lowered the flying record be-

tween Oakland and Los Angeles, and

he is determined to make another

attempt soon, when, he declares, he will

set a mark that all fliers will envy

and none surpass.

**Water is Urged As Care For All Ills**

(By International News Service.)  
BOSTON, Nov. 25.—Drink more water and keep well is old advice, but it cannot be improved upon, is the comment of a Boston physician, Dr. Fritz E. Talbot, who has made special investigations into the value and importance of water in the human system.

The purpose of water is to keep the body in a state of equilibrium, he maintains. The various elements of life will then be in solution to carry food from one part of the body to the other and to carry from the body waste products and minor elements.

The human body is composed largely of water; 60 to 70 per cent of the living mass of infant is water; 65 to 70 per cent of the water and 65 to 70 per cent of the body of an adult.

**Plant Pests Cause Big Loss in Grain**

WASHINGTON, Nov. 25.—Drink more bushels of grain, fruit and vegetables and a big tonnage of cotton were lost to American farmers last year by plant diseases, according to figures compiled by the plant disease survey of the department of agriculture. The survey said that statistics indicate that lack of proper application of known measures of control was largely the cause of the loss.

The plant disease survey estimated the losses at 112,000,000 bushels of wheat, 50,000,000 bushels of oats, 30,000,000 bushels of corn, 50,000,000 bushels of potatoes, 40,000,000 bushels of sunflowers, 185,000 tons of cotton, 200,000 bushels of cotton, 16,000,000 bushels of peaches and 16,000,000 bushels of apples.

**Scores of Christmas Presents Are Fashioned By Little Miss Glamorgan**

Hemstitching, solid work, embroidery and French knots are included in the accomplishments of little Miss Merrit Glamorgan, four-year-old daughter of Mrs. Walter Glamorgan of 1933 Linden street.

Merrit is today's prodigy, and her claim to the distinction is exemplified in the work she has turned out with the aid of needle and thimble.

Scores of Christmas presents have been fashioned by the little girl for her mother, father and friends, and her interest in the subject has been ample for the study of various phases of needlecraft among her small friends.

The child showed great interest in sewing at the age of two years, according to Mrs. Glamorgan.

**New School to Be Named Daniel Webster**

The Oakland school being completed on Olive street will be named Daniel Webster in honor of the orator, as decided by the board of education. Other schools have had hundreds of suggestions for names, but only this one is considered appropriate and must be christened right away.

It was suggested that one of the new high schools be named for Susan B. Anthony, but it was decided to ban this name because of possible ridicule.

**FOUR HURT AS SAN FRANCISCO AUTOS CRASH**

SAN FRANCISCO, Nov. 25.—Four persons were severely but not fatally injured early this morning when the automobile in which they were riding crashed into another automobile at Rivera street and the Great Highway. All of the injured were treated at the Park emergency hospital for lacerations and contusions. They are:

HENRY WEISBRODT, 745 Geary street, employed by a local automobile concern.

MRS. H. E. WEISBRODT, his wife.

MISS ETHEL AMBROSE, 745 Geary street.

C. L. MARTIN, a chief boat swain's mate, stationed at Goat Island.

According to Weisbrodt he was driving on the highway and turned aside to avoid striking an automobile and crashed headlong into another machine belonging to William Tevis Jr., 2340 Geary street, that was parked near the curbing.

The Tevis automobile was unoccupied. All of the occupants in Weisbrodt's machine were thrown into the street. Passing automobileists took them to the emergency hospital where it was said their condition was not serious.

Charles Bradshaw Jr., 117 Ralston avenue, Piedmont, and Alvin Moran, 536 Thirteenth street, were knocked from the motorcycle and thrown to the ground along the road by an amateur who failed to stop and render aid to them. The accident occurred at Yosemite and Fairmount avenues in Piedmont. Police search for the motorist was on today. Bradshaw is the son of a Piedmont policeman. When the stomach becomes sour, with gasiness and heartburn due to indigestion or dyspepsia, relief may be had by one or two Stuart's Dys-

pepsia Tablets. Simply chew them in hot water nor any other fillers for a stomach perhaps already too much overburdened.

These tablets supply to the stomach the alkaline effect which is what relieves the sour acid condition.

They also contain pancreatic to help digest the starchy foods such as potatoes, rice, oatmeal, white flour, etc.

Get a 50 cent box of Stuart's Dys-

pepsia Tablets, have them on hand at all times, and thus have no fear of indigestion or dyspepsia.

The fact that these tablets are on

sale everywhere in the U. S. and Canada shows how generally recognized they are as an efficient aid when the dyspeptic stomach needs a little help.—Advertisement.

## SINGLETTON TO BE TRIED AGAIN

**SAN FRANCISCO.** Nov. 25.—James Singletton, charged with the murder of his wife, Elizabeth Singleton, by doping a dose of headache powder with strichnine, will be re-tried on the murder charge December 1, following the failure of the jury in the hearing of the case just concluded to reach a verdict.

The jury went out at 3 o'clock yesterday afternoon and deliberated until late last night. Ten ballots were cast, none of which showed any agreement by the jury.

In his closing argument for the defense, Walter McGovern, Singletton's attorney, maintained that the prosecution had not shown conclusively that Singletton doped the headache powders whereas the evidence had amply proven Singletton to be insane.

Assistant District Attorney Stanislaus Riley, in the rebuttal attempted

to refute the insanity plea and ask

the jury to find Singletton guilty.

Mrs. Singletton died on the night of

July 26 last from strichnine poison

taken in a glass of headache

medicine. Several days later Singletton was arrested on suspicion and

arrested. Later he repudiated his

insanity, saying that it was made

up to cover a divorce. Singletton's

attorney, the prosecution claimed, was

jealousy and partly to gain

possession of their two children.

## AST THE TRIBUNE A Department of Questions and Answers

Editor, THE TRIBUNE: Can you give me some advice on the Income Tax law? With any exemption made for the support of a son collected over 21 years of age, the amount reduces \$1,000. The father also has a wife being the taxator? At how much will the tax be on two thousand dollars income? Thanking you.

A SUBSCRIBER: There is no exemption for a son over 21 years of age, according to the Internal Revenue Collector, Postoffice building, Oakland. However as head of the house you are allowed exemption up to \$2000 so there will be no tax to pay. If your income exceeds \$2000 even slightly you must file a statement with the income tax collector before March 15, 1921. The tax will be four per cent of the amount of your income over \$2000.

Editor TRIBUNE: In the motion picture "The Return of Tarzan," Tarzan, in two hand-fight scenes, renders them unconscious by swinging to jerk back and then causing scientific fact to otherwise can you tell what he did more or suppose to have done? —C. G.

Answer: There is no attempt to set up the substitution for the method of producing unconsciousness in the manner you describe. Zoological experts at the University of California are inclined to believe that the scenes were intended to represent the breaking of the animals' spinal cord the cut being used merely as grips.

Editor THE TRIBUNE: Where can one obtain official report on the State amendments? —V. S.

A CERTIFIED REPORT on the State amendments for Alameda county appeared in all issues of THE TRIBUNE Nov. 24. According to the secretary of state full State-wide news will not be rendered until after Dec. 1.

Editor THE TRIBUNE: Would you please give me the addresses of some day nurseries for small children? —D. R.

Answer: Four good day nurseries in Oakland are: Clawson school, Thirty-second and Macdonald streets; Garfield school, East Sixteenth street and Twenty-third avenue; and Lincoln school, Twenty-ninth street and Elmwood. These all take care of children from one year up.

Editor THE TRIBUNE: Will you inform me as to whether the stage of the old Macdonough theater faced Broadway or Fourteenth street? —R. S.

Answer: The stage in question faced toward Broadway. The stage entrance leading to the right side of the stage was on Fourteenth street.

Editor THE TRIBUNE: Is a man who registered in Alaska during the world war, but who later took up residence in the State of Washington, eligible to the bonus of the State of Washington? —J. P.

Answer: Under the Veterans' Bonus Law you are not unless you can legally claim Washington as your permanent point of residence. Should Seattle be your home and the privilege of voting be yours it would then seem apparent that you might make application for the bonus.

Editor THE TRIBUNE: Please inform me as to the difference in territories covered by Los Angeles and Chicago? —E. G.

Answer: Chicago, according to recent official figures, has an area of 191.3 square miles. Los Angeles covers 121.5 square miles.

Editor THE TRIBUNE: Where would it be possible for me to obtain a cylinder block for a "Warren-Detroit" car, year 1911. It is a four cylinder block with four-inch stroke? —A. SUBSCRIBER.

Answer: No doubt in this make of machine is obtainable from leading automobile houses in Oakland. It is probable, mechanics say, that the engine is of the model used in the Chalmers car of that year. It would be most practical to search in used car organizations in Oakland and San Francisco.

Information contained in the following news items will be taken up at a special meeting of the board of governors of the association tomorrow afternoon. President Jeremiah Sullivan announced, with a view to discussing procedure in placing the matter before the state tribunal.

The judge, according to Attorney C. Vincent Riordan, accepted bribes from the legislature for the release of Bernardine Cattaneo, charged with assault to murder; Tony Spinnelli, charged with manslaughter, and Victor Pastagno, charged with a statutory offense against a 14-year-old girl.

### Sheriff Releases Robbery Suspects

Convinced that they had nothing to do with the Alvarado bank robbery several weeks ago, Sheriff Frank Barnet last night released two men who were brought to him by San Francisco police yesterday afternoon.

The men are Dominic Mano, 1037 Seventh street, and Samuel Balsamo, 1657 Thirteenth street. They were arrested on suspicion after they were pointed out by A. J. Lawrence, 1214 Polk street, San Francisco.

Lawrence is the man who was held up by the fleeing bank robbers on the San Lorenzo road when they stole his machine and abandoned the car which they used when committing the robbery. He said the two men looked like the men who held him up.

## BAR ASSOCIATION PLANS TO DISBAR JUDGE SULLIVAN

SAN FRANCISCO, Nov. 25.—Acts involving moral turpitude may cause the disbarment of Police Judge John J. Sullivan, according to statements included in the report made by the San Francisco Bar Association on which it is said the State Supreme Court will be asked to take action.

Sullivan is specifically charged by the discipline and grievance committee of the association of having accepted bribes in connection with the releasing of several prisoners.

Information contained in the following news items will be taken up at a special meeting of the board of governors of the association tomorrow afternoon. President Jeremiah Sullivan announced, with a view to discussing procedure in placing the matter before the state tribunal.

### Painted Girl Wins? Many Griefs Unfold Jerry Is Kept Busy

It's a troubled world at best, and these days Geraldine—the girl who is bringing a charge of assault against Donald Cooper, son of an east coast capitalist, is going to be Geraldine's busiest day in some time.

Why does the hand-painted girl get all the invitations, instead of the old-fashioned girl, asks "Patricia."

"I am to have a date with a man of 33. What shall I do?" asks "Bertie."

"Blondie" says she has pretty ankles and wants to know how long skirts should be.

"I am Geraldine! I suppose my problem is old, but somehow none of the other answers seem to help me. For oh, Jerry, I have fallen in love with my chum's husband. I am all alone, and she often invites me to have dinner with them. It is inevitable that we should be left alone—and we love each other so! What CAN I do?"

Read the answers by Geraldine tomorrow.

## CHARGES OF GIRL ARE DISMISSED

SAN FRANCISCO, Nov. 25.—On the strength of testimony that the girl who is bringing a charge of assault against Donald Cooper, son of an east coast capitalist, is going to be Geraldine's busiest day in some time.

"If you don't hold Cooper to answer, I'll take the matter to the grand jury," was the threat of Harry Goldfarb, attorney for the girl, Miss Florence Kennedy, a singer at a San Francisco cafe and one which brought counter threat of punishment for contempt of court. J. Roamer, a taxicab driver, testified.

Cooper about the time after the alleged assault and Mrs. M. R. Horner of Alameda said that she called on Miss Kennedy the next day and that Cooper also called and brought toast and coffee for the girl.

Miss Kennedy admitted that she had taken a bath in Cooper's apartment but said that he had forced her to do it.

## Bring the Children to See SANTA CLAUS AND OUR CHRISTMAS TREE

Old Santa Claus himself pointed out in the Marin County Forest the beautifully spread Christmas Tree now towering so majestically under the City of Paris Done. So much importance do we attach to our Christmas Tree and the

### Spirit of Christmas

that our order is placed months in advance, to locate the right "mighty monarch," correct in height, spread and full of sap.

Then a group of huskies places the tree on two trucks and bring it (under Santa Claus' instructions, of course) to the City of Paris, where Santa himself remains every day. This year the tree is more than 40 feet high, and it arrived just

as the store closed on Saturday night. Eighteen men took hold of it and spent thirty-six hours getting it ready to sparkle and twinkle with its hundreds and hundreds of electric lights. A specially devised scaffolding was used, so that old Santa could decorate it with all of the beautiful things that now adorn it. Then the motor was set going to cause the tree to revolve so that everyone can see it most easily.

### Oh, joys and toys-- Santa Claus Is Now in Toyland

A merry, glittering place where Santa Claus holds court. Such happy shrieks of childish joy—and, oh, the toys, too. On their best behavior for Santa's visit. To all little girls and boys he extends an invitation to see his wonderful Christmas Tree—and to whisper their secrets for Christmas Eve magic.

# Direct from the racks of our big wholesale tailor shops —

*Actual photograph of finished garments in one of our big factories*

Just about the biggest stock of suits and overcoats in the city is here for you now! And just about the finest, and the most attractive! These garments, made by our own tailors, cut from our own woolens and sold all over America in our big UPSTAIRS stores, set a value mark from \$10 to \$20 above our prices. Know why?

## Trade upstairs and Save \$10

That's our slogan but \$15 or \$20 is usually your saving, thanks to our five common-sense business principles.

Those five common-sense business principles show what can be done by side-stepping the beaten path. They made Foreman & Clark the largest business of its kind in America. They brought guaranteed savings on guaranteed clothes to hundreds of thousands of men. To-day—to-morrow—this week—next—at this big UPSTAIRS store, those savings offer you the greatest clothing values in America.

Just one step from these racks in our factories to the racks in our big UPSTAIRS stores all over America! Just one step—and just one profit—averaging 56c per garment.

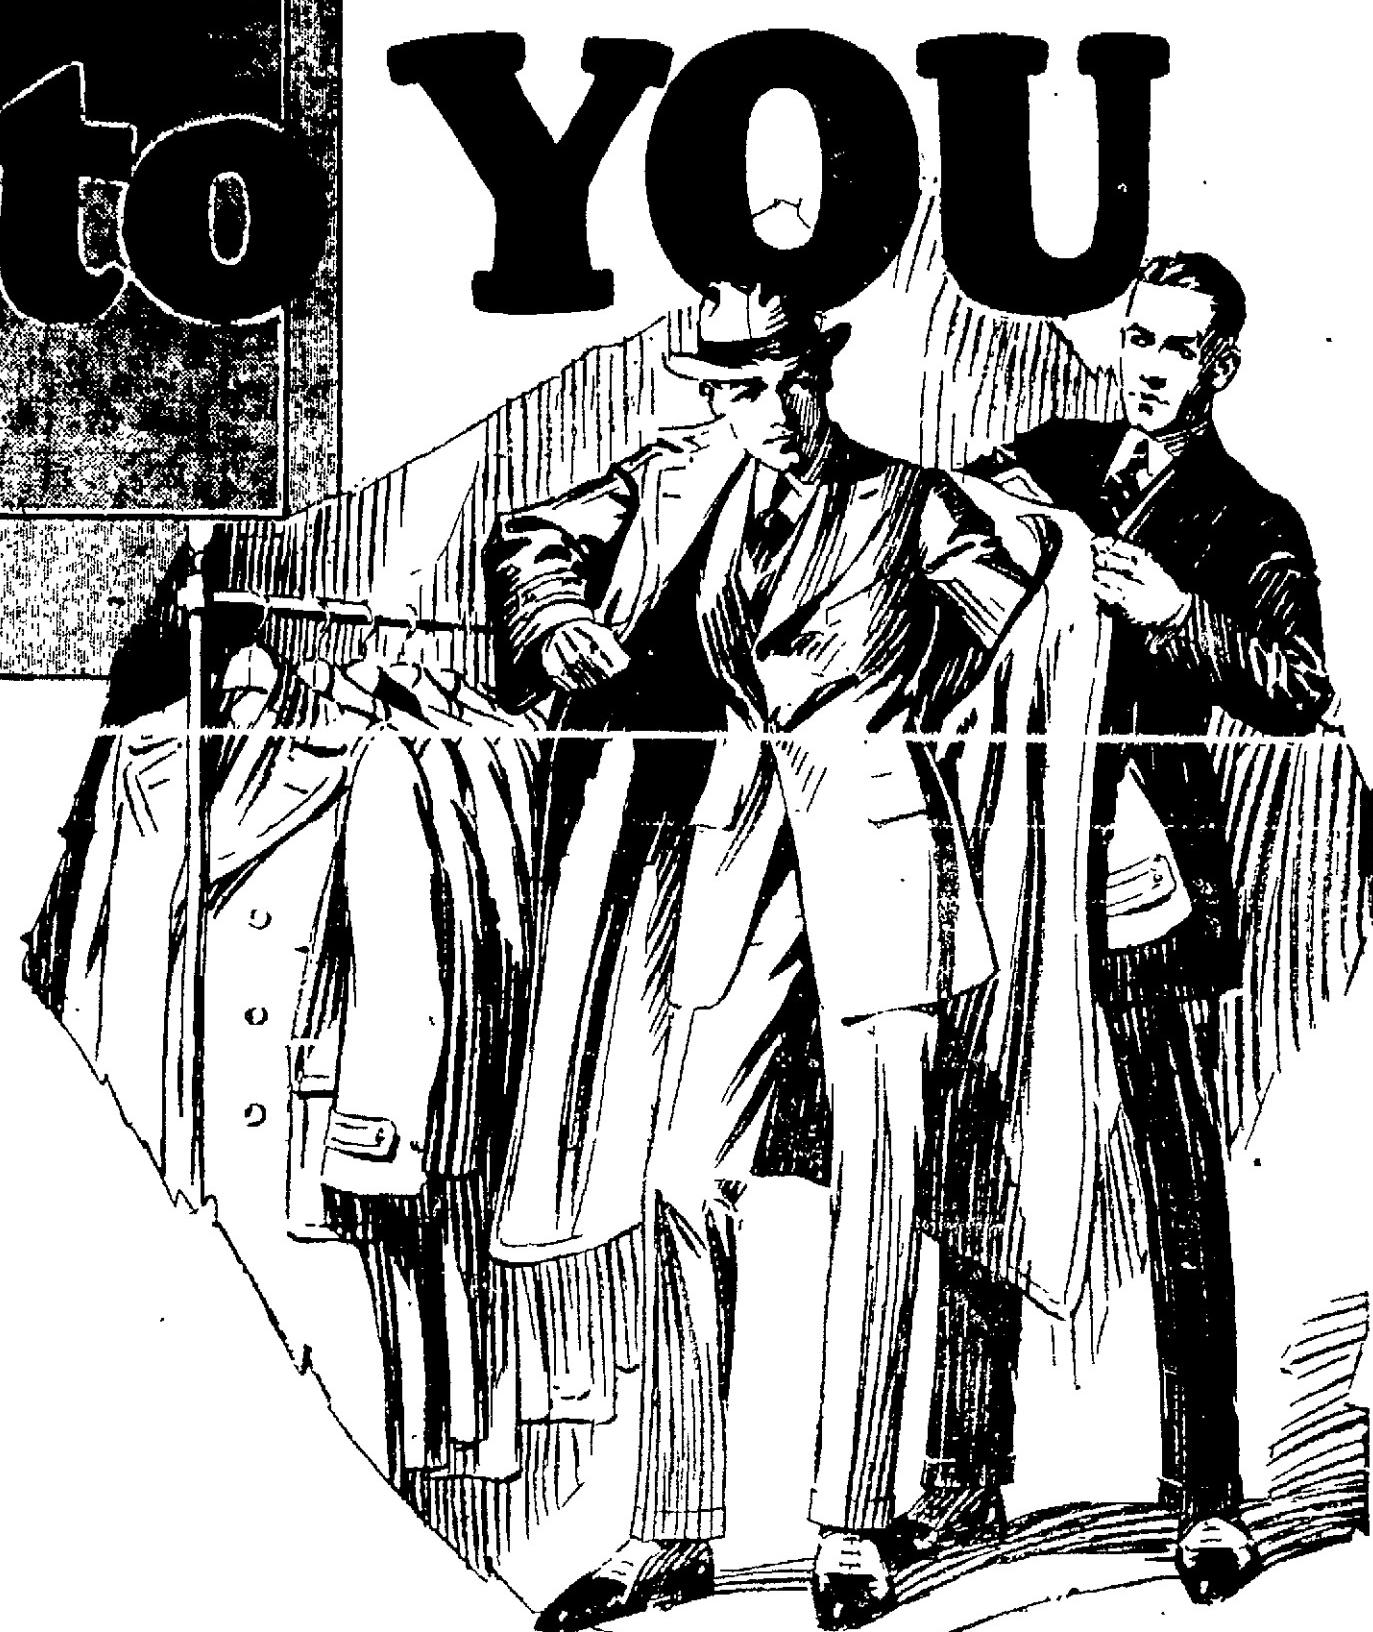

And—the racks in our big upstairs stores are just as plain, and just as simple, and just as inexpensive as the racks in our big factories.

There are no mahogany fixtures, no plate glass cases—not a single penny wasted anywhere.

F & C economy starts when we buy the woolens—it doesn't end until we sell the finished garments! And then it BEGINS for you.

Your economy here isn't only the saving in price of \$10.00 to \$20.00. It's the economy of wear, of service, of satisfaction.

We guarantee F & C clothes. Our guarantee is iron-clad. It means something. It insures YOUR satisfaction.

## \$800,000 SUIT COMES TO END

SAN FRANCISCO Nov. 25.—Announcement that the \$800,000 civil action he had instituted against Adolphe Stahl, San Francisco, and Guatemalan millionaire, as a result of his having been cast into a Guatemalan prison in 1905, has been settled out of court, was made here today by John Fisher, San Francisco merchant and father of William Fisher, consul general for Venezuela here. An appeal from a lower court judgment in which Fisher's claim was denied has been dismissed, Fisher said.

## Cry on Geraldine's Shoulder

Pals, I've gotta try "KING'S X"—stamps when we were kiddies playing tag, how wild yell "King's X" when we were out of breath? Well, Jerry is out of breath now—or rather she's out of space. I've bitten off something bigger than I can chew," folks—lots bigger. I started to bring you all together on a Friendship Adventure. And it was like letting in the whole Pacific ocean. The letters poured in by the bushel—by the hundred bushels! I guess you all for each other. But instead you'll just have to concentrate and love JERRY. Will you, please?

So if your "friendliness adventure" hasn't been published, you'll know why, Pals. Of course, you may decide to write your name and address on your letters if you wish, and any one who reads may answer. But I cannot print S. O. S. calls nor answers. But I love you just the same.

### Loves a Young Man

Dear Geraldine—I have known a young man only a month, but already I love him. He wants me to marry him, and though I am sure his character is estimable I am doubtful. N.

You'll always be "doubtful" dear, so if you feel that you care for him you might as well start now as two years from now. WE NEVER really come to know the other fellow—WE NEVER really come to know ourselves. The only thing which we can do is face our responsibilities. To decide to face all issues with humor, patience and sympathy. Nothing is ever going to suit us absolutely, but if we put good fellowship into the deal we're fairly sure of getting it out again. Love's apt to taste like cold mutton fat if you let it grow cold on your hands.

Dear Geraldine—I am fourteen. How can I make my hair grow? I am a stranger in Oakland. How can I make friends? MARTHA.

You have to build friendship with in yourself, dear. It's a queer, magical sort of thing. If you learn the little trick of studying other people, listening sympathetically to other people, trying to give them little helps and surprises, friends will come flocking to you. It's a sort of right you store up and then turn on like you'd store up electricity. Begin to store it and see if it doesn't work just as I say.

### Massage the Roots

Brush your hair a great deal and massage the roots every night with the tips of your fingers. Here is a fine hair tonic. You can get the drugs at any drug store.

Steep one ounce of tea in a cup of maple syrup stored up and then strain. Add—

Borax ..... 1 dram  
Rose water ..... 2 oz.  
Bay rum ..... 1 pint  
Glycerin ..... 1/2 oz.  
Bay rum ..... 1 pint  
Cantharides ..... 1/4 oz.

Mix thoroughly in a large bottle and use daily.

To Florence—I'm a little late in answering your kindly words, sister, but they have surely been lying warm in my heart. I can't print happy things that are said about me—I selfishly want to

DO thank you and I'm glad you liked my advice to the lad. Your friendship DOES help. Please keep it up.

### The First Love Affair

Dear Geraldine—I went with a girl for three years and then we had a little misunderstanding which caused me to leave her. Later, after I had left the country, in an effort to forget her, I found that neither of us was to blame for the trouble we had had. I know I can't get her back, al-

right.

Dear Geraldine—I am a girl of sixteen and have known a boy of seventeen for about five months. I only see him once or twice a week and sometimes I think he cares for me again. What can I do to make him love me? Is it right for me to go hiking with him in the hills alone? If not, how shall I tell him?

SWEET SIXTEEN.

Why try to make him "love" you, dear? The girl who can tie a boy to the bone of good passing has a much stronger hold than the one who is involved in a sentimental affair.

The sentimental affairs glare

up and burn out, when folks are too young to marry. But the girl who is wise enough to be a good girl can hold him for years. That's a "grown up" secret as well as a sixteen-year-old one.

The question of chaperones is purely a social convention. Certain circles of people demand them—others don't.

If your circle does, I think I'd try to make some concessions to the popular standard. Why not get two couples to go together? I think you will find that your influence is deeper over your pal if you keep the little distance between you which chaperones call for. Because you know, as I know, don't we chum, that when there isn't a chaperone there's precious little distinction. Honest Jim—doesn't Jerry know?

Dear Geraldine—How can I get rid of warts? I have an olive complexion. How can I make it white?

VIVIAN.

Here is a cure for warts:

SALICYLIC ACID ... 20 grains

Alcohol ..... 1/2 ounce

Flame ..... 1/2 ounce

Mix together and apply with camel's hair brush during this for three nights. Soak in hot water, then a layer of skin will come off. The peat until wart is removed. You may find almost the same preparation already prepared at the drug stores.

You cannot alter the tone of your complexion—but an olive skin is lovely if kept clean and healthy. The hair preparation which you mention will not turn your hair curly, but it is good for shampoo. Nothing will turn straight hair curly.

A Terribly Jealous Boy

Dear Geraldine—I have been going with a young man for about eight months and care very much for him. But he is terribly jealous. I often catch look at another man or he thinks I'm dancing. I just love to dance, but he does not and does not want me to go to them alone. What shall I do?

DISTRESSED.

Jealousy seems to be as much a part of some people's heritage as the shape of their noses. The only cure for it is humor, common sense, honesty and frankness.

Weeping and cringing will never work. I'd tell him frankly that I cared for him, and intended to be his loyal friend, but that now he must realize he MUST TRUST ME. We would regret it as the big mistake it is, and let it degenerate into a lot of petty spite. Otherwise you'll both continue to be miserable.

As for the dancing—which do you care for most? Dancing isn't a big essential in life—love is. If you have really found true love why not give up the dancing. BUT insist that he give you his companionship. In its place. That's only fair. If you don't keep love fair you'll soon grow weary of it.

## The "Why" of the Difference

Being Talk Number Two

### The Quest for Pure Music-Tone

Pure musical tones have the power to thrill, rest and satisfy, and those who are able to produce them in song have throats which are regarded as being "a gift from the divine."

Scientific research has shown that all we call material is composed of the same substances and elements, blended in different forms and combinations.

So it follows that wood and metal have qualities akin to the divine throat of a Jenny Lind or Caruso, for did not the same hand fashion ALL that is made?

Stradivarius proved this in his selection of Silver Grain Spruce, from which he made his master violins.

Following the lead of the maker of the world's greatest violin, the tone building experts of the Starr organization selected Silver Grain Spruce for the throat of the Starr Phonograph.

To find the right material was but the beginning. It had to be seasoned and fashioned in consistency and shape to catch and project in sound waves that pleasing and satisfying quality which marks the true meaning of tone as applied to music.

To hear a master-artist record played on a Starr Phonograph is evidence that Silver Grain Spruce may be made the channel of pure music-tone when scientifically seasoned and fashioned.

### BEAUTIFUL ELECTRIC LAMPS AT EXCEEDINGLY INTERESTING PRICES

A New Departure for Bowman's Well Worth Investigating

Be sure and see our new assortment of electric lamps, shades and stands.

This is rather an unusual departure for our store, and we believe that we have priced these lamps at figures that will be exceedingly interesting to anyone who has shopped around for merchandise of this description.

We have these electric lamps both in table and piano lamp styles and sell them with or without the shades.

It is needless for us to

PERFUME IN COMBINATION SETS

In presenting perfumes to your friends, it might be a good idea to select one of the combination sets put out by the manufacturers of the best perfumes.

For example, the DierKiss producers offer sets, consisting of talcum powder, face powder, perfume, toilet water, etc., all grouped attractively in a gift box at prices that total no more than you would have to pay for the individual articles.

Every woman has use for a variety of toilet articles in addition to perfume, and these sets seem to incorporate just the items the average woman has most use for.

### PURSES, WALLETS AND ROLLUPS

No department indicates the improved merchandising conditions better than our small leather goods section.

Last year we had difficulty in getting all kinds of leather goods and this year we have one of the finest assortments we have ever carried.

Whether you wish to pay 50c or \$10, you will find at Bowman's a most satisfactory assortment of bill books, wallets, coin purses, card cases, bill folds, cigarette cases, traveling roll-ups, fit-all's, roll-ups, etc.

An attractive window display on 13th street will give you an idea of this assortment, and, as is usual in our window displays, the articles are

### HAVE YOU AN INVALID FRIEND?

If you know of anyone who is ill in bed or confined in a chair, it is a pleasure to the invalid the night, you care for him, secure for him one of the handiest little articles we have ever seen.

We refer to our winter sets, consisting of a carafe and a glass, which, when inverted, sets over the neck of the carafe.

These bednaps sets will unquestionably constitute one of the most popular inexpensive Christmas gift articles in our store.

## 7 WOMEN, 5 MEN ON CLARK JURY

With the final empanelling of a complete jury, comprising seven women and five men, to try the case of Mrs. Virginia P. Clark, accused of having shot to death her husband, Chester J. Clark, counsel for the defense today intimated that permission to take the jurors to the residence where the alleged murder occurred would be asked of the court when the trial opens Monday morning.

The purpose of the defense in desiring to officially inspect the house at 1617 Eighty-ninth Avenue was not revealed by Attorney C. A. A. McGee.

It was indicated, however, that Mrs. Clark's defense will be made on an undeclared basis of "mental pathology." This Thomas L. Leonard, attorney for the defense, declared an entirely new basis for defense in this state. The hearing will take place before Superior Judge James J. Quinn.

Following are the members of the jury and alternate juror agreed upon after some days of questioning by both sides: Alice E. Webster, 377 Belmont avenue, Oakland; Mary E. Barradas, 140 Calafia avenue, San Leandro; Anne E. Buckley, 110 Webster street, Oakland; Margaret Connelly, 174 Mather street, Oakland; Augusta Russell, 3514 Porter street, Oakland; Helen C. ## FLEET TO HOLD MANEUVERS OF WAR MONDAY

Battle practice, including fleet maneuvers, smoke screen tactics and other phases of naval warfare will be undertaken by six super-dreadnaughts and eighteen destroyers of the Pacific fleet next Monday, according to plans completed today.

The practice grounds are approximately 150 miles at sea, according to Admiral Hugh Rodman, who announced to owners of sea craft wishing to view the maneuvers that the safest place would be at an altitude of 15 degrees above the horizon, 120 degrees east and 150 miles at sea west by south from San Francisco.

Following the practice the New Mexico, Idaho and Mississippi will proceed to San Pedro, while the Wyoming, Arkansas and Texas to be joined by the New York will depart for Bremerton, Wash.

Following are the members of the jury and alternate juror agreed upon after some days of questioning by both sides: Alice E. Webster, 377 Belmont avenue, Oakland; Mary E. ## GASOLINE CANS EXPLODE; FIRE IS INCENDIARY

Police of Alameda Hunting for Mysterious Man in Automobile as Firebug

ALAMEDA, Nov. 25.—Two explosions of gasoline-filled five-gallon cans by a mysterious automobile figure strongly in a fire of incendiary origin which threatened to destroy a vacant house at 2215 San Jose avenue last night. The house, a two-story structure, is owned by L. C. Hatfield of 1334 Oxford street, Berkeley.

Shortly after 8:30 o'clock last night the residents of the block were startled by an explosion. Smoke was seen pouring from the upper part of the building. Before an alarm could be turned in a second explosion came and the lower portion of the structure was seen to be afire.

When Fire Chief Walter Steinmetz arrived on the scene he found the flames blazing in both the lower and upper stories and quantities of coal oil scattered about. The quick response of the department prevented the total loss of the structure. The two oil cans were taken to the department headquarters as evidence.

As Chief Steinmetz was on the point of leaving the scene residents of the neighborhood informed him that a man had been seen observing the place earlier in the day. Only an incomplete description could be obtained of him, however. A small boy also informed the chief that he had seen a man that evening a short time before the fire, carry the oil cans into the building from an automobile which stood near the corner. A short time before the fire he had seen the man hurriedly depart.

The police and fire department officials are cooperating in an attempt to learn more about this man and his identity.

### Furnace Blast May Lose Cook His Sight

ALAMEDA, Nov. 25.—Thomas Lambert, 54, a cook residing at 1475 Sixteenth street, may lose the sight of both eyes as the result of an explosion in furnace at Neptune Beach this morning.

Lambert, who is employed at the resort, was bending over the furnace when the explosion occurred, the flames flaring into his face and burning both eyes and his forehead. He was taken to the Emergency hospital, 23rd and Franklin, it is stated there that recovery of his eyesight is very doubtful.

### Friends Discover, Return Wanderer

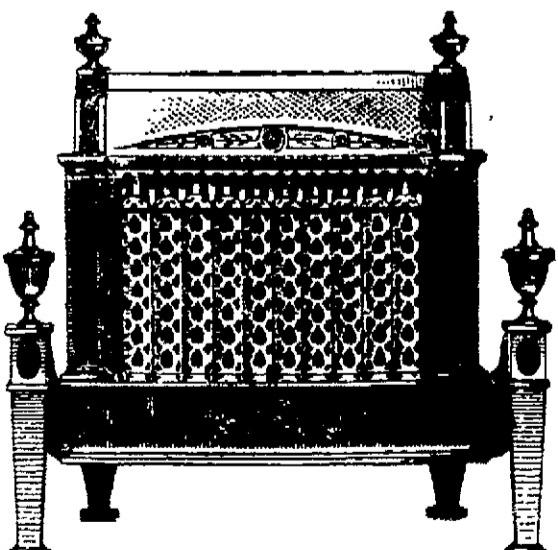

BERKELEY, Nov. 25.—After being missing since Monday night, when her husband placed her on a board a ferry boat at San Francisco, Mrs. Lois Montgomery, 50 years old, returned to her home at 2837 Shattuck avenue last evening. Mrs. Montgomery has been ill and has been under the care of a nurse at her home. A sudden lapse of memory caused her to wander about Berkeley. Friends recognized her and took her in. Mrs. Montgomery had a considerable sum of money and jewelry at the time of her disappearance, all of which was in her possession on her return.

### Movie Machine at School Is Burned

BERKELEY, Nov. 25.—The Washington school is minus a \$200 moving picture machine and 1000 feet of film today as the result of a fire yesterday. The film caught fire as A. J. Hamilton, the principal, was exhibiting it to 200 children assembled for a Thanksgiving program.

Only Hamilton's presence of mind averted a panic. Seizing the burning machine, Hamilton threw it into the street. The fire department was summoned but there was no need for its services. Hamilton escaped without injuries.

### Magic Fails 'Great Leon' in Damage Suit

### TROPIC LOVE PLEA IN DIVORCE ACTION

Threats of her husband that he would drag her across the dance floor by the hair if she danced with other men, curses in public places and the discovery of a caressing blonde sitting on his lap in their home last New Years eve caused Mrs. Alice E. Brown to file divorce proceedings against Claude C. Brown.

Mrs. Brown, in her complaint, alleges that on New Years eve her husband placed her on a board a ferry boat at San Francisco. He entered her home, thinking his wife was absent, bringing with him a young married woman who sat on his lap, kissed and caressed him. She further says that Brown had a rendezvous with the "mysterious blonde" every Friday night at the end of the Sixteenth street car line.

### MERIT MARKING SYSTEM MEETS WITH OBSTACLE

Possibilities Suggested Where Credits May Be Withheld From City Employees

The assertion of Efficiency Expert N. W. Cook before the City Council that "the civil service employees of the city of Oakland are highly in favor of the merit marking system" was qualified today by Henry Vogt, president of the Civil Service Employees Association, who says he is not so sure that the proposed new system would be an unmixed blessing.

Vogt's sole objection concerns the method of marking the employees' ratings. He asserts that he is not in favor of the city clerk having a hand in it, as proposed.

"This is nothing personal against Lon Cummins," said Vogt, "but it starts to me that some time a city clerk with biased opinions can give employees ratings which will speedily put the latter in the 'elimination' class. I can imagine a city clerk, or a commissioner, finding a fine opportunity to place their enemies in the 'elimination' category if the plan goes into effect as it stands."

"With that sole objection I believe the merit marking system is a fine one. For one thing, it will make the efficiency ratings in the various departments uniform."

At present, every city department has its own method of marking merits or demerits for its employees. For one department, 90 may be perfect and for another, 80 may be the mark.

Vogt pointed to the case of an employee under him who is wonderfully competent. As Vogt's highest possible rating is 88, he gave the man a marking of 81, or super-perfect. Yet another department, whose highest mark is 90, gave a rating of 83 to a very mediocre employee. As Vogt pointed out, this makes the best man in his department apparently inferior to ordinary workers in other departments.

"If Mr. Cook can have the markings done by persons who have no possible political leanings," says Vogt, "the new merit system will be a blessing to the whole city government."

### TICKET FINDER AT BIG GAME MERITS PRAISE

BERKELEY, Nov. 25.—Victor J. Andrews, 21, a student here yesterday reported finding a five-dollar bill to the local police. A freshman student at the University of California is cited as the rightful claimant of the "honest man" title by Graduate Manager L. A. Nichols. In his report of the work of the lost and found booth, which was maintained on the football field at the Stanford-California game, the following statement is noted: "Freshman student in ticket to rooting section found just before game. Ticket was identified by number and returned to owner, who had reported loss to Berkeley police."

Nichols claims that the student who returned the ticket is far and above the finder of the five-dollar bill. "The student remarked that he would like the ticket himself," says the attendant, "but nevertheless left the ticket to be identified."

### 'LITTLE THEATER' SHOWS TO \$4 AND DECIDES TO QUIT

Abilities Are \$800 and Even Asset of Good Will Has Disappeared

ALAMEDA, Nov. 25.—The "little theater" movement in Alameda came a cropper last night, leaving the Cameo theater high and dry on the rocks of financial failure. The abilities consist of \$800 mostly due to the performers and stage hands for salaries. The assets consist of nothing, with even the good will lacking. Several prominent Alamedans are out of pocket.

An indignation meeting was to be held in San Francisco this afternoon by the members of the cast and David Gally, leading man, promised to be present to square up all debts.

The little theater movement in Alameda started less than two weeks ago. The Cameo theater, as it was called, being established for promising future in the room of the Adelphi club.

Gally was leading man. The group of players won the aid of some wealthy and influential members of the club. Bills for advertising and incidentals totalled more than \$800 were contracted. Nineteen people subscribed \$5 each and \$64 was collected as receipts during the first week.

Payment was delayed while all the records have been searched in several hundred individual cases.

Rumetsch recently got released from jail and stayed the council and city attorney. He announced last night that he has been assured of payment Monday.

### Rumetsch Feels Certain of His Back Pension

The long fight of former Police Corporal H. E. Rumetsch for back pension money is expected to culminate in victory Monday, according to a statement by Rumetsch today, and the payment will affect also the widows of deceased pensioners, as well as pensioners themselves.

Rumetsch has conducted the battle almost single-handed, it is said. Since he was wounded while on duty and placed on pension, the active members of the police department received raises in pay. Rumetsch and others insisted that the pension be increased to \$1000. The city officials would not agree. Finally, the appellate court in a decision concerning a similar case in San Francisco, held that pensioners are members of a department and consequently entitled to participate in its benefits.

It was admitted then that Oakland would have to pay increased pensions and back pensions at that. In some cases the pension increases are retroactive for at least four years. In the fire department alone the increased cost is \$553.

Payment has been delayed while all the records have been searched in several hundred individual cases. Rumetsch recently got released from jail and stayed the council and city attorney. He announced last night that he has been assured of payment Monday.

faculty representative on the conference board, left last night for Chicago to confer with representatives of the other conference.

The decision of the association is that Ohio State has one of the best teams in the country.

Both the football and athletic teams will enter the competition.

The Santa Clara and Nevada teams will enter the game evenly matched.

The Santa Clara team is the champion of football's west.

Tommy Bradshaw, diminutive Nevada quarterback, is expected to shine for his team.

Coach Bob Harman of the

Missionaries will pin his faith on Baker and Nuckles, two plumping

halfbacks.

Dr. John Wile, coach

of the team, December 4.

The date for the departure

for the coast is set as

ber 11.

LAND, Ore., Nov. 25.—Doy McCormick, lightweight boxer, has de-

veloped a team affair with the Olympics and Thistles practically neck and neck for the championship.

The Olympics led the procession with seven victories, and one loss in the same number of games, while the Thistles have won seven and lost one. This gives the O. C. boys a one-point lead.

The Celtics have yet to play, but will gain their collar with straight defeats.

The official stand-

ings of the clubs are given out by the

league secretary follows:

# F' CHURCHES UNITE IN PRAISE SERVICE FOR THANKSGIVING

of Pilgrims on  
ment of America  
d by Rev. Dr. Dille

like them, those who sailed the Mayflower "knew not whether they went."

## REPUBLIC IS BORN.

"The germ of the republic was in the cabin of the Mayflower," he continued. "In that dingy, stuffy cabin was a company of typical Anglo-Saxons—about the poorest material in this world out of which to make syncopants and slaves. They established a new nation, not because they hated England but because they loved her and wanted to see English ideals and English liberty realized and triumphant. With a pathetic and筋屈fulness they named their settlement 'New England,' 'New York' and 'New London.' Our fathers sought freedom not only for a strip of the Atlantic seaboard but for England and Holland and all of the fettered peoples of the earth."

Continuing, Dr. Dille emphasized the consciousness of representative capacity that was present among the early settlers. Liberty not only for America but for the world was the ideal for which this new nation worked unceasingly. And that same spirit has come down the ages as our heritage for, as he said, "When Dewey sailed into Manila Bay and Pershing led our armies overseas, they represented no hermit nation, but one which had a world vision and a world mission."

## LAND BREEDS STURDINESS.

The sterile New England soil and the bleak New England climate were both essential factors in influencing the American race and accomplishing the sturdy manhood, according to Dr. Dille.

The languorous southland could not have accomplished the militancy of conscience and faith that comes out of the very battles—the great soul fights with untoward circumstance," he said.

The "spiritual cargo" of the Mayflower, which Dr. Dille said could not be carried in a "31,000-ton *Muritania*," consisted of "principles" and "civilization," out of which came the compact which "was the keynote of this republic—the Declaration of Independence."

"Free education was another thing that the Mayflower brought," the divine continued. "The Pilgrims had not been on these shores sixteen years when the foundations of Harvard University were laid. Establishing a government for and by the people, our fathers looked on every male child in its cradle with awe, for that baby first entrusted with the ballot might wield it as a Thor's hammer, so they placed a school-house on one side of that cradle and a church on the other."

"With the threat of Bolshevism menacing civilization—Bolshevism born of ignorance and oppression, it is an ominous fact that the call to the colors two and one-half years ago revealed that 25 per cent of our men of military age could not read and write."

## SPIRIT OF PILGRIMS

That same Pilgrim spirit which has come down through the ages, has kept our wars from being wars of conquest or exploitation, was his next thought. The Revolutionary war, the Civil war, the Spanish-American war, all accomplished results which were in keeping with that spirit, for they broke the tyrants' scepter and the manacles of the slaves.

A greater Mayflower was continued on this side in 1917," he continued. "It carried back two millions of the sons of America who took their places on the firing line beside the men of Great Britain, Belgium, Italy and France. When the new Mayflower went over it was sacrifice in the service of mankind."

# Thanksgiving

By EDGAR A. GUEST

For strength which has sustained us through  
the day

Dear Lord, our thanks we give!  
For every smile that lights life's friendly  
way,

And makes it good to live,  
Once more, with grateful hearts and reverent  
prayer,

Our gratitude we offer for Thy care.

For fruit of field and vine and orchard tree,  
The sunshine and the rain,  
The tempests weathered on the land and sea.

Accept our thanks again.  
Almighty God from whom all blessings  
come,

Hear now our prayers, though long our lips  
were dumb.

For freedom and our country, clean of hate,  
Our children at their play,  
Our homes where peace and love and joy  
await,

Accept our thanks today.  
Oh God, in all we do and yet may dare,  
Make us, we pray, more worthy of Thy  
care.

## SCHOOLS OF CITY HOLD OBSERVANCE OF THANKSGIVING

Campaign for Active Service  
to Others Is Launched By  
Children

A Thanksgiving project leading to active service for others than themselves was announced by every class in the Oakland public schools yesterday. Gifts aggregating hundreds of dollars in value, including the salary of a full-time dentist and two dental nurses, distribution of scores of fall sports equipment for day nursery bungalows, student loan funds and multiplying basket larders to dozens of families, were made by the school children.

"We shall defend our liberties as guaranteed by the ocean, and we will not tolerate the intrusion of mid-European politics upon our national field, but in interests that concern the whole world equally, we must take our place and play our part," said Dr. J. E. Wheeler.

Dr. David A. Pitt, pastor of the First Baptist church, presided at the union devotions in which joined the members of the Epworth M. E., First Presbyterian, Trinity M. E., St. Mark's Episcopal and the First Baptist churches. President Wilson's Thanksgiving proclamation was read by Rev. Moffett Rhodes, pastor of Epworth church, and the Scripture lesson by Dr. L. A. McAfee, pastor First Presbyterian church. Prayer was offered by Dr. E. P. Dennett, Trinity church, while Rev. W. R. H. Hodges of St. Mark's announced that the Pilgrim who had won Puritanism was only a temporary stopping place, it was a convenient name of a group, not a body of doctrine.

The permanent dualism was the Conformist vs. Separatist. The Puritan was midway between the two. He has left his mark heavily graven on the architecture of our temple, and his name is still one to conjure with; but the spirit of the Pilgrim, lodged in temples not built with hands, has found its way abroad among the lives and faiths of living men, and become a living growing force. It is no monopoly of any single creed.

All have absorbed and used it, and been blessed by it. But in the inner meaning of things, and according to the deeper values, which teach that he who gives of himself most, gains most, the Puritan has decreased; the Pilgrim has increased.

**NICKEL DANCES HELD**

It was impressed upon them that what they gave must be created by themselves and that in no case were parents to be asked for financial aid.

No heavy burden was, moreover, to be placed on the individual student.

Nickel dances, vaudeville entertainments and "hot dog" feasts helped to swell the treasures.

An old clothes drive launched some weeks ago was the first step toward the big plan for community giving. Literally hundreds of outfits for men, women and children, from hats to shoes, were assembled.

The Junior Red Cross contributed \$25 to a shoe repair fund. Mending and rehabilitation was done by the students.

**SUNRISE SERVICES**

Sunrise services were held this morning by the young people's societies of several churches at Cragmont Rock and Live Oak Park, with other churches having special devotions in honor of the day.

Dr. Wheeler in the course of his address said:

"Our nation has been fortunate in having had, through two centuries of isolation from the old world, time and opportunity to establish in the new world its peculiar institutions. But the globe is shrunken now and there is no isolation any longer except such as we make by violence.

It is up to ask any longer in terms of nations: 'Am I my brother's keeper?'

"We believe in foreign missions.

We teach modern medicine in China.

We build highways in the Philippines.

We propose to help a brother

who we can't help to join with him

to make a better world. If the great

war finally comes to an end without

bringing into being some mechanism

which promises some better hope of

permanent peace, there will course

through the hearts of the people a

shock of disappointment to which

some men must make answer before

a stern tribunal."

**EVIL DAYS ABROAD**

The world has fallen upon evil

days. The foundations of home and

society are undermined.

Men measure the values of life by material

ends. Wild tongues are loose. Men

hold not God in awe. And out of

the mouths of households

were made by the proper authorities

before the students acted.

Student loan funds are in operation

in each of the grammar schools.

Their object is to provide means to

students to attend high schools.

Several schools held Thanksgiving

neighborhood sales, the proceeds

from which went into these treasuries.

Boys in the manual training

courses manufactured silhouette

toys, which found a popular demand.

The girls contributed needlework

and cookery.

## Nation Must Play Part as Apostle of Better Things In World, Says Dr. Wheeler

BERKELEY, Nov. 25.—Declaring these days arise their only rescue that the United States has an "inevitable responsibility" toward the proposed League of Nations and that this country, rich in the traditions of its Pilgrim Fathers cannot afford to become "isolated," Dr. Benjamin Ide Wheeler, president emeritus of the University of California, gave a Thanksgiving message today at joint services by the Protestant churches of the city at the First Congregational church.

"We shall defend our liberties as guaranteed by the ocean, and we will not tolerate the intrusion of mid-European politics upon our national field, but in interests that concern the whole world equally, we must take our place and play our part," said Dr. J. E. Wheeler.

"The history of the landing of the Pilgrim Fathers was recited by Dr. Wheeler. Of the marks left by the band of fearless voyagers on a great nation, the speaker said in particular:

"Despite the greater name of the Puritan, with the process of the year, it is toward the Pilgrim, not

the Puritan, that we have moved. Whatever the denominational tenets, whatever the promulgated tenets, down in the deep background, it is the Pilgrim who had won. Puritanism was only a temporary stopping place, it was a convenient name of a group, not a body of doctrine.

The permanent dualism was the Conformist vs. Separatist. The Puritan was midway between the two. He has left his mark heavily graven on the architecture of our temple, and his name is still one to conjure with; but the spirit of the Pilgrim, lodged in temples not built with hands, has found its way abroad among the lives and faiths of living men, and become a living growing force. It is no monopoly of any single creed.

All have absorbed and used it, and been blessed by it. But in the inner meaning of things, and according to the deeper values, which teach that he who gives of himself most, gains most, the Puritan has decreased; the Pilgrim has increased.

**IMPRINT OF PILGRIMS**

The Pilgrim has made himself the heart and nucleus of a nation. The type of state which he founded contained within it the meaning and concrete interpretation of that spirit which we call Americanism.

Step by step, decade by decade, the un

folding came. Other elements derived from other sources undoubtedly contributed stimulus and light, but the germ—the national germ, the life-center which came nearest

to having all the ultimate characteristics contained implicit within itself, was that was the colony of plain English exiles which in 1620 landed, hit or miss, without waiting or wel

come on the sandy shores of the Plymouth coast."

**JOINT WORSHIP**

Methodists, Baptists and Congregationalists joined together in Thanksgiving worship at the High Street Presbyterian church.

In Berkeley Dr. Benjamin Ide Wheeler spoke at the union meeting held at the First Congregational church, and General F. A. Green spoke at the First Congregational church at St. Clement's Episcopal church.

The United Brethren and Calvary Congregational churches united in services of Thanksgiving in the United Brethren church this morning.

## SPIRIT OF UNITY MARKS SERVICES ON THANKSGIVING

Churches Join in Observance of Holiday; Wheeler Speaks in Berkeley

A spirit of unity in thanksgiving was apparent in the Thanksgiving services held in various East Bay church this morning. Denominational barriers were withdrawn and practically every church took part in some union service in which a joyous outpouring of thanks predominated.

At the union services of the First Congregational church at 10:30 o'clock, Rev. E. R. Dille, pastor emeritus of the First M. E. church,

spoke at the service.

**SPECIAL MASSES**

In the various Catholic churches, the day was celebrated by special masses and music. In St. Mary's Catholic church Rev. Thomas Chilko presided over the Thanksgiving mass at 11 o'clock. In St. Leo's parish, Rev. Owen F. Lacey conducted special Thanksgiving services.

The seven Lutheran church of Oakland met in the First Lutheran church at 10:30 o'clock this morning.
